HACKTIVITY

The IT Security Festival in Central and Eastern Europe
October 20-21. 2017, MOM Cultural Center, Budapest

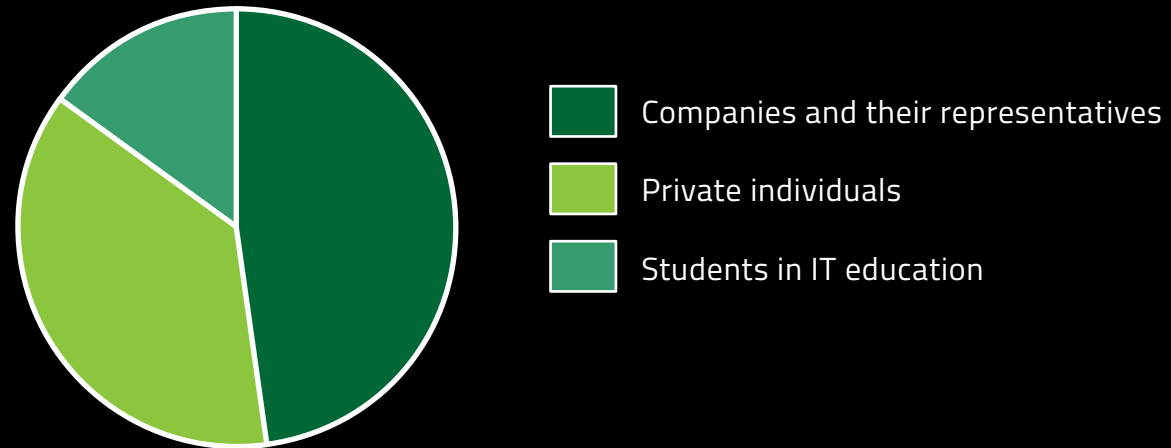

HACKTIVITY 2017

OBJECTIVE OF THE CONFERENCE:

The Hacktivity conference brings together the official and alternative representatives of the information security profession with those interested in this field in an informal and informative, and sometimes deeply technological way.

Number of participants in 2017: 900+ people

Share of the participants in 2017:

Participants came from 24 countries:

Austria
Belgium
Cyprus
Czech Republic
Finland

France
Hungary
Germany
Ireland
Italy

Japan
Lithuania
Netherlands
Norway
Poland

South-Korea
Romania
Russia
Slovakia
Slovenia

Switzerland
Turkey
United Kingdom
USA

TARGET GROUPS:

- IT security experts of companies, security managers, professionals preparing for decisions,
- Professors and students of universities and colleges involved in IT education,
- Private individuals interested in IT security,
- Professional IT organizations.

PRESENTATIONS

20. October, Friday | Security Theater

21. October, Saturday | Security Dome

HACKCENTER

HELLO WORKSHOP + HACKCENTER

HELLO WORKSHOP

DANIEL SZPISJAK	Hello XSS Defense in Depth
PÉTER ZSÍROS	Hello Websecurity
PÉTER ZSÍROS	Hello Suricata IDS
ZOLTÁN ABONYI	Hello BadUSB with Arduino

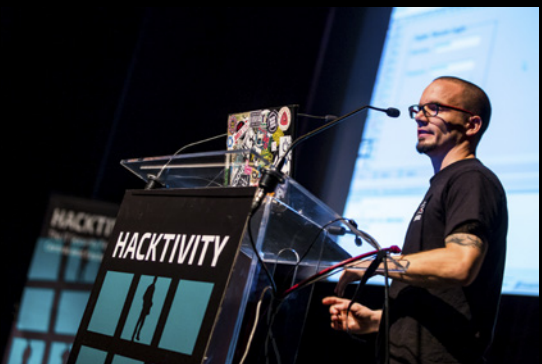

HACKCENTER

HackCenter was the heaven for hackers who wanted to solve some exciting challenges, share their thoughts with each other, looked for a solution to a specified problem, or just had questions in a certain topic. The team of HackerSpace Budapest and HackerSpace Szeged alongside with SecureTeam were on site to contribute to the work and to provide some gripping challenges.

See you in
2018!

INTERNATIONAL IT SECURITY CONFERENCE 1st MARCH, 2018

BSIDESBUD2018 IS LOOKING FOR SPONSORS!

The team of Hacktivity is working hard on the next BSidesBUD conference that is going to take place on 1st March, 2018. The last event was a huge success but according to the plans, BSidesBUD2018 will be even bigger. [Click here](#) to download the follow-up of BSidesBUD2017!

Next year there will be one English and one Hungarian session in parallel. This time we are looking for Hungarian speakers as well who are not confident enough with their English presentation skills or have topics that are specified only in the Hungarian market of IT security.

The visitors of BSidesBUD2018 can apply for useful workshops again and in the end of the day there will be a party for the exhausted hackers to have some fun.

If you are interested in sponsoring BSidesBUD2018 please contact us via e-mail: info@bsidesbud.com
